UNITED STATES MARINE

CORPS WANT 2000 MEN

The United States Marine Corps is calling for 2000 men at once. Men between the ages of 18 and 35 years including registered and married men may enlist. The Marine Corps is the oldest branch of the U. S. service, being organized before either the Army or Navy. They have carried the flag of victory in Tripoli, Sumatra, Piji Islands, Mexico, Philippines, China, Haiti and Santo Domingo. Marines are serving in France at the present time, they being the first American troops of the Expeditionary Force to set foot on French soil.

Marines are trained and serve as Infantry, Artillery, Cavalry, Engineers, and Signalmen, also on board battleships and cruisers. Men can enter this splendid branch of service only by voluntary enlistment. Men desiring to enlist for the DURATION OF THE WAR can obtain full information by calling in person or writing to the United States Marine Corps Recruiting Station, Panama building, Third and Alder streets, Portland, Oregon.

THE COMING OF THE 3RD LIBERTY LOAN

Back Mother's Sons with Father's Funds

By E. H. O'Neill and W. H. Kirkpatrick.

Of supreme moment is the issue of the war. The price of wheat and the turn of politics are serious matters—but the Third Liberty Loan in Oregon means more than all. It means—

Backing up the boys who have been sent to the overseas battlefields.

Prompt and abundant loans of spare cash to the war treasury, in local trade terms, is the translation of money into airplanes, guns, ammunition, provisions, ships and every device of modern war for the American. War expenditures reach every avenue of business in this state.

Therefore, "Bridge the Pond—Buy a Liberty Bond," in the words of Mrs. H. M. McKenna of Astoria, and M. Eva Dull of Eugene.

Prepare for the Third Loan which opens Saturday, April 6, with Victory celebrations throughout Oregon.

The Governor and Mayors will proclaim the significance and urgency of participation in the raising of Oregon's share of this defense fund. Rallies, open air gatherings, speeches, parades, illuminations, the Ring-it-Again Liberty Bell on the door of every household, and by every means, the citizens of our community are urged to forsake all other activities and join in the spirit and the work of the day.

Begin buying a Bond the First Day!

This is the first of a series of cartoons and slogans by Oregon illustrators and writers which will be published by the LIBERTY LOAN COMMITTEE and the space for which, is part of the patriotic effort of the
